(Several letters in rough draft that were evidently later
copied to be sent. One rejects a proposal of marriage.)

Dear Wint (DeWolfe) ...My brother Lute was 24 the 16th of
Aug.(1863). He was discharged the day before he was 23. He
has now been out of the army more than a year. It hardly seems
possible. You can imagine how pleased we were when he came in
one sunny summer morning, Aug. 19th, 1862, no longer a soldier...
The Vallandigham democrats - or butternuts if you choose to
call them - had a convention in Newark the 25th of Aug... The
opposite party will have one Sept. 11th and every body is in-
tending to go - at least I am...

Dear Wint ...The last letter I wrote you I believe I

finished at your house. We had a grand time the day of the Convention - Sept. 11th -. It seemed to me that almost every body was there and your folks had any amount of company....

Dear Aunt Emily (Emily Barker, sister of Dr. Fordyce Barker, and wife of Dr. Abraham Robertson of Washington, Pa., and Wheeling, W. Va.) (She died 10/17/1914)
We received your letter.....will be very happy to welcome you to our home....the omnibus comes into C about three oclock. It leaves Newark at 1 1/2 oclock... We received a letter from Lucius (Lucius Robertson, who had his dental apprenticeship under Dr. Abraham Robertson, his uncle)

Dear Aunt Elmira (Elmira Webber, sister of Elmira Webber Robertson's mother, who lived in Boscawen, N. H.)

...She heard soon after Uncle Amos' children died by Mr. Chadwick. We are all well at home. Brother Lucius (Lute) is now in Washington, Pa., in a dentist office that Uncle Abr. and he have there. Sister Angeline (married James Irwin Butler and later lived in Urbana, Illinois) lives about 30 miles from here. Ann and I intend to go to see her next week. I spent about four weeks in P- this fall. Two weeks I staid almost all of the time with Mrs. Atkinson....One of her daughter Mary's children died while I was there. He was 2 yr & 6 m. old. In about two weeks after my return home another one, a twin of the first, died. They had the scarlet fever. I went from here with Mary Johnson. Mother says you were acquainted with her mother. She was Ann Atkinson....

Dear Minta (Minta Vaughan, possibly)

...I received a letter the next day from my friend Wint. He writes that he has enlisted again for three years...I went to church all day Sunday and to Sabath School at noon. We had our yearly report...There are 276 scholars, 23 teachers, a Superintendent, and two Librarians, making in all 302 members of the school. (Congregational Church, Granville, Ohio.) Last Tuesday there was a gentleman here and wanted Ann to go into his family as teacher. He lives 2 miles from Elizabethtown, so she is not very far from F-. She went Saturday..... Well, Minta, how did you spend your Christmas...I spent mine at home working as hard as I could to help get Annie ready to start. I did not get many presents, though my brother Lute sent Annie and I six sheets of music. They were all songs and all real pretty...There is to be an exhibition given by the two Literary Societies at the Young Ladies Institute on Friday evening, Jan. 1st, 1864...

(A letter in rhyme to Angeline Butler, Elmira's sister-)

Dear sister, why so long delay
In writing us a letter?
If you had written immediately
'Twould have pleased us much better.
We've looked in vain for many days
And wondered what's the matter -
If you were sick, or lazy were,
And hoped it was the latter.

At last your letter has arrived
 And Mother is quite easy
 Since she has heard that you're not sick
 But only very busy.
 But can't you get a little time
 To write us now and then
 It cannot be for want of paper
 Nor because you need a pen.

(Person addressed unknown -)

Your letter was received. On account of the way it was addressed our P.M. gave it to Mr. Robinson - a cousin of Miss Annie Adams....I had heard of your speaking to Charlie DeWolfe's wife inquiring for me - that day that Harvey (DeWolfe) went away...

Dear Wint..... I know you want me to write you what I think so I will try to. I was in hopes that you would come home so I could talk instead of writing but as I do not know whether you can come or not I concluded to write anyhow. Wint, to be candid, I think I am too young to make a choice for myself. And I think you would not wish me to decide at present and consequently make us both dissatisfied for I don't know my own heart

(Person addressed unknown, though it may have been a new sister-in-law:)...They both hope they may love you as they would a daughter, or as they would want their daughters to be loved.

Sunday August 14 (1863) I have often made good resolutions and perhaps, for a little while, have kept them; but soon, too soon, they are forgotten. Oct. 7th ... His kindness is great. He forgets us not. Oh that I could keep this in mind ...

Oct. 30th - I am reading a B.S. book entitled May Coverly.

(No more written, apparently, in 1863 - of, if written, the book has been lost. Writer uses "... " to indicate omitted matter. Apparently Elmira's nightly prayers were written into her diary)
